Crisis Plan

Strategies for helping _____
if the situation escalates while at home.

- **Ignoring the behavior and not the person:**
- **During any of these scenarios, only one person at a time will be interacting with _____.**
  If staff need to switch, they can. If _____ escalates into a full blown crisis and more
  than one staff is needed, another staff can assist. However, at any given time only one person will be
  talking.
